The Intelligencer.

OFFICE: No. 15 Quincy Street.

THURSDAY, MAY 23, 1872. The Business of the Grafton Con-

vention. The first business of the Gralton Convention, to assemble to-day, will be the Thus the people get their railroad and appointment of ten delegates to represent those who build get their pay. Neither the Republican party of the State in the is cheated. Neither runs any risk of Philadelphia Convention. This is all that being cheated. Of course, under such a is distinctly proposed in the call. Several gentlemen who seem to covet empty or can command it, can build railroads. honors appear anxious, however, for the But when the bonds for local aid have nomination of a State ticket forthwith, been given, the money can be easily For a minority party this would be abonce raised, because the basis of operations unusual and injudicious. The only chance that we can see for the election of a Republican State ticket is through a diviarises at all it will grow out of dissensions at the Parkersburg Convention, on the 30th inst., or at the Baltimore Convention on the 9th of July. It would certainly be And any responsible Company can underof those Conventions and take advantage of any opportunity they may offer. To paid them in advance or as the work nominate a ticket now is to risk having it composed of indifferent material, because nominations will neither be sought nor accepted now by first-class men. It would also be to throw away blindly in advance whatever chance there might be in certain contingencies at Parkersburg

visions contribute to a Republican success. A week after the Baltimore Convention would be early enough for a nominating Convention; and one held then would be able to judge intelligently how a State ticket could be most effectively composed. Or, if a contingency, which is possible, presented itself, wherein it might appear that the speedlest way to overthrow the Democracy in this State would be to refrain from nominations, such a Convention could better than this decide on a question of that character.

or Baltimore for making Democratic di-

The most important consideration, however, is that nominations now necessarily foreclose all possibility of success while postponement to the middle of July might lead to very different results.

WE are informed by a gentleman who had a conversation recently with Mr. BECKER, the engineer of the Pittsburgh. Cincinnati & St. Louis Railway Company and of the Pittsburgh, Wheeling & Kentucky Railway Company, that Mr. BECKER made to him the following statement: That the parties who got up the Wheeling & Lake Eric Railway project applied to Colonel Scorr, of the Central Pennsylvania, to take hold of it, making the same proposition that was afterwards made the New Yorkers, viz: \$10,000 a .nile local subscriptions. By direction of Colonel Scorr, Mr. BECKER passed over the line as indicated and found that it was almost impracticable for a considerable distance from the river; that a large part ot it passed through a country that would give it but little business, and that in his judgment the road if built, on the line proposed, would not pay. Upon this report Colonel Scorr declined to have anything to do with it.

A fact like this ought to be known to our people, as helping them to judge how much there is in the rose-colored statements furnished by the Wheeling & Lake Erie officers and agents. The correctness of Mr. BECKER's statement as to the impracticability of this end of the route is confirmed by Mr. Wilson the contractor who, as he himself informs us, proposes to look for a better route from the river over to the Panhandle road than that up Deep Run and Short Creek. He informs us that the report of the engineers who have recently passed over the line is that the tunneling on that part of the line would be 8,000 feet-over's mile and a half. We understand that since the contract with Mr. Wilson, that gentleman has sought to enlist the aid of Mr. GARRETT of the Baltimore road, with what success we

Facts of this character inevitably sug gest this inquiry: Is it not extraordinary Powder sold anywhere.

The money refunded in all cases when the "Exvrapraise Barries Powders of its striction."

The money refunded in all cases when the "Exvrapraise Barries Powders" does not give entire satisfaction.

Sold by Grocers and Druggists everywhere. it is to run and what the building of it will cost-a contract should be closed for its construction at a fixed price per mile. Would parties deliberately bind themselves to the completion of so great a work for a stated price, with so little knowledge of what it might cost, if they were responsible and expected the contract to be enforced against them? On the other hand, would a Company deliberately bind itself for the payment of a fixed price, amounting to about seven millions, in the absence of all knowledge as to whether that price was a reasonable one or not, it it looked conscientiously to the interests of stockholders and the future success of the road?

Is it infatuation, or what is it, that has prompted the prosecution of this enter-prise thus far by such loose, vague, inconclusive and unbusiness-like methods?

The Register has now got so far along with the Wheeling & Lake Erie and Bridge undertakings as to locate car shops and expend several millions of dollars in this city. Now if our neighbor will just go back a little and explain in detail where the money is to come from and how it is be rendered certain that even if our subscription is made to the road one dollar will ever be expended on this end of the line, it will be doing its readers a better service than it does by retailing the loose talk indulged by Mr. Wilson about building cars at this point.

MR. GREELEY'S letter accepting the Cincinnati nomination was so badly mutilated as it appeared yesterday in our telegraphic colums, that we reproduce it

this morning in correct form, Hon, EDWIN MAXWELL is announced in the Clarksburg Telegraph as a candidate for re-election as Judge of the Su-

preme Court of Appeals. The election in Harrison county on the question of subscribing \$200,000 to the N. & S. W. Va. Railroad has been subscribed by the Glass, Gallon or N. & S. W. Va. Railroad, has been postponed till the general election in August.

Is There Not a Better Way? They have a method of building rail-local aid is not paid untiffice road is built.

A county or city, for example, will vote to subscribe a given sum. A bond is to subscribe a given sum. A bond is work that, when the road is completed to stated point, the money will be paid. system only companies that have money

definite and certain. Why should not such a method be an plied here. Let local subscriptions be sion of the Democrats. If a division made payable when the work is completed. If the subscriptions are made by responsible bodies and they give prope obligations the contractors run no risk. wise for the Republicans to await the issue take the work with the same security and confidence as if the subscriptions were progresses. Then the communities subscribing are absolutely protected against the numerous chances of failure and loss that inevitably attach to subscriptions made in the manner now proposed.

We believe this suggestion is worth the present consideration of our citizens. May it not be better to go back and begin anew, on some such plan as this, than to take the risks of consummating our sub scriptions in the manner now proposed?

Judicious Advice for Grafton. No better advice could be given to the

Grafton Convention than that contained in the following resolution adopted by the Republican Convention of Barbour coun-We take the liberty of commending it to the gentlemen at Grafton, when they come to the matter of instructions that being, we presume, a part of th regular programme:

Resolved, That in the opinion of this Accorded, That in the opinion of this Convention the delegates from this State should go to the National Republican Convention uninstructed and untrammeled as to any particular person or persons for the Presidency; and that we deem it our duty, as Republicans, to labor zealously for the promotion of Republican principles regardless of personal preferences.

DIED.

CHAPLINE.—On Wednesday, May 21, 1872, a 10 o'clock A. M., ALEX. HAMILTON CHAPLING aged 59 years, 6 months and 7 days. The funeral will take place from his late residence on Wheeling Island, this (Thursday) after noon, at 3 o'clock. Friends of the family are invited to attend.

SEYBOLD—On Wednesday morning May 22d 1873, at 9 o'clock, Clana J., wife of Condat SEYBOLD, acqued 9 years. The funeral will take place from the residence of her busband, on Adams street, between Mais

and Market, this afternoon, at 4 o'clock. Friend of the family are invited to attend.

"THE LIFE OF THE FLESH IS
THE BLOOD."—This being the fact, it is very obvious that when the blood becomes corrupted the whole system becomes corrupt also. To releve this, the true policy undoubtedly is to direct the remedy to the source of the disease. It is in this manner that Dr. Tutt's Sarsaparlils and Queens Delight acts. Its specific effect is on the blood; it purifies it, vita-lase it, and expels all distemper from the system.

Being free from violent Minerals, it is adapted to general use. The old and young may use it; the most delicate female, at any time, may take it; the weak and enfeebied will be strengthened by it; the tender infant, who may have inherited disease, will be cured by it.

For Syphilis, and all its trains of evils, it is a sure antidote. Wheeling, W. Va.

Dr. Tutt's Liver Pills are a mild and gentle purgative, possessing the peculiar merit of actin as a powerful agent in relieving congestive of torpid liver. They have no equal. Dr. Tutt's Hair Dye Imparts a Glossy Color mylSeodaw
